Technology Turning Points

Your Digital Connection

Written by teachers for teachers, these informative articles let teachers share ideas, teacher to teacher!

Glencoe's Technology Turning Points will soon be available free for middle and high school computer teachers and educators. This teacher driven resource will provide you with practical and fun articles and resources to keep you up-to-date on important technology issues.

Here's what you can look forward to:

- **Teacher Talk** – Teacher-written news articles cover everything from the impact of new technology, ethics, professional development, certifications and more.
- **Teacher Created Lesson Plans** – Tried and true lesson plans that work well in practical situations.
- **Classroom Tips & Tricks** – Ideal classroom management and teaching strategies that enhance classroom learning.
- **Stay Connected** – Web links for teachers and students to help you stay connected to cutting edge technologies, conferences, and important events.
- And much more!
